SKILLS

- **Analytical Tools:** Excel, Jupyter Notebook, Statistics
- **Programming Languages:** Python, SQL, C++, C, JavaScript
- **Technical skills:** Front-end Development, Ethical Hacking, Malware Analysis, React.js, Typescript.js, Computer Networking, AI, High-Speed Networks, Git, Github, Data structure and algorithm

ACADEMIC PROJECT

Portfolio Chat-bot

- Created an innovative website with a chatbot like UI using HTML, CSS and JavaScript.
- It has a Whatsapp Web like appearance and is very lightweight.
- Live Link: <https://kratham001.github.io/My-Portfolio/>

Basic Key Logger App

- Developed a basic Key Logging Program using Python
- This program can run invisibly.
- It stores the keys the user strokes or presses on the keyboard while running the app.
- GitHub Link: <https://github.com/kratham001/Basic-Keylogger.git>

Virtual Keyboard

- This project basically implements functional components of reactJS and manages the state accordingly.
- Users can interact with the virtual keyboard by clicking on keys, and the interface will respond accordingly, allowing for a seamless typing experience.
- The keypress and character input logic are implemented using JSX.
- GitHub Link: <https://github.com/kratham001/Virtual-Keyboard.git>

Web Music Player

- Developed a Web Music Player using JavaScript, HTML and CSS.
- It can play music (pre-configured) on the website itself.
- GitHub Link: <https://github.com/anshazad/wikipedia-graph-analysis.git>

POSITION OF RESPONSIBILITY

- Sponsorship Team Co-Head of Engifest (Annual Fest Of DTU) **September 2023 – February 2024**
- Co-Head Logistics Team of Yuvaan (Literary Fest of DTU) **September 2023 – February 2024**
